HISTORY

I began professional racing in November, 2000.

Since then I have raced throughout Australia, Malaysia, United Arab Emirates, Germany, and the United States in a wide variety of motorsport categories, from Karting, Formula Ford, production cars, 24 hour endurance events and NASCAR racing.

In addition to racing, I have worked as a contractor for many car brands in the USA and Australia that showcase their sports cars on race track customer drive events. These include the McLaren Driving Experience, SRT Dodge Track Experience, Jaguar Art of Performance Tour and the AMG Driving Academy.

I'm also a precision driver for TV commercials and filming projects. I enjoy creating awesome video material with vehicles in a wide variety of situations.

I'm also available to 'stand in' for a similar looking actor on set if needed.

Feel free to contact me directly on 0405101431 or alternatively through AusCrew.

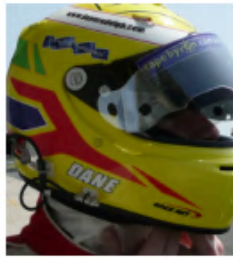

Thank you for taking the time to read my CV.

Kind regards, Dane
